# RESOLUTION

Condemning antisemitic hatred on the anniversary of the  
terrorist attacks of October 7, 2023.

Whereas, on October 7, 2023, Hamas invaded more than 20  
communities in Israel, resulting in the death of more  
than 1,200 people, injuries to more than 4,000 people,  
and the kidnapping of more than 250 hostages;

Whereas October 7, 2023, was the deadliest day for Jewish  
people since the Holocaust;

Whereas, since October 7, 2023, Jewish communities in the  
United States, Israel, and around the world have been  
unfairly targeted by growing threats of violence and prej-  
udice linked to antisemitic hatred;

Whereas such threats, though distinct in method and geography, share a common pattern of targeting Jewish individuals or symbols of Jewish life and civic engagement;

Whereas no individual in the United States should be subjected to violence or intimidation because of their religion, heritage, or peaceful advocacy; and

Whereas community leaders have spoken out against hateful actions and language that associate the Jewish people with actions of the Israeli government, urging respect for Jewish traditions and communities: Now, therefore, be it

1       *Resolved*, That the Senate—

8       antisemitism, whether expressed through threats,  
9       vandalism, or violence;

10              (3) reaffirms the commitment to protecting the  
11       rights of all people in the United States to assemble  
12       peacefully and practice their faith without fear of vi-  
13       olence;

14              (4) condemns hateful language that—

15                      (A) makes general claims about all Jewish  
16       people;

1                   (B) associates Jewish Americans and Jew-  
2                   ish people around the world with the military  
3                   and government actions of the State of Israel;  
4                   and

5                   (C) accuses Jewish people categorically of  
6                   being hateful or harboring genocidal intent; and

7                   (5) urges elected officials, community leaders,  
8                   and civil society to speak out against antisemitism.
